SKILLS

- Backend: Laravel 12 (Breeze, Eloquent, Migrations), PHP, Node/Express.js, REST APIs, RBAC/Auth, MySQL/MariaDB, MongoDB, Eloquent & Mongoose.

- SSR & Rendering: Next.js SSR/SSG/ISR with static & dynamic rendering strategies; streaming-friendly React workflows.

- Version Control: Git/GitHub workflow, branching, PR reviews, stashing, hard reset.

- APIs & Docs: RESTful design, OpenAPI/Swagger, Postman; documentation-first habits, issue tracking, basic testing (PHPUnit).

- Location Services: Geolocation (lat/long) & Google Maps embeds for HR/tracking features.

- Frontend: Next.js 15 (App Router), React (Hooks, Context, Router), Blade, Tailwind CSS, Bootstrap 5, Vite.

- CI/CD & Cloud: GitHub Actions pipelines, Vercel & Railway deploys, automated DB migration/seeding, basic Docker, DNS/SSL, SSH, Hostinger/cPanel, Composer 2.

- System Architecture: Structured content engineering, scalable data models, and "worldbuilding" logic for complex platforms.

- Admin Dashboards: Mazer and custom responsive, data-driven dashboards.

- Execution & Soft Skills: Self-taught end-to-end delivery (debugging, production troubleshooting, rapid prototyping), incremental releases,

feedback-friendly, detail-oriented, clear written communication.

- Indonesian (Native); English (CEFR B1 – improving; target B2 in 2026)
